Paycore Enterprises Ltd. provided a very good service. I was impressed by how quickly they completed the project and the quality of professional service that they provided. Their equipment was mechanically sound and they provided an experienced and dependable drill crew and manager.

They proved to have constructive problem solving skills when the need arose, and they worked independently without supervision. The billing was fair and they didn't over charge, and their work sites were left clean with excellent environmental practices.

I hope to work with them again in the future.

A handwritten signature in black ink, appearing to read 'D. Blann', with a long horizontal flourish extending to the right.
